call of the roll. Senator Cavanaugh.

SENATOR CAVANAUGH: Now do I understand that were taking all of the bills at once? Or are we taking them seperately? We will vote on them seperately....

PRESIDENT: Yes, we'll vote on the seperately without debate or amendments.

SENATOR CAVANAUGH: So if the bill flies on its own, good if not good. Alright.

PRESIDENT: Senator Dworak. Senator Kelly.

SENATOR KELLY: Mr. President, members of the Legislature, I have a strong urge on including a vote to suspend Murphy in that motion.

PRESIDENT: Alright, Senator Savage, Senator Syas.

SENATOR SYAS: Just a question. Shouldn't the motion be to advance them to Initial and let them be put over to Select File by the usual course, which would be pretty automatic?

PRESIDENT: Yes. Alright, correct the motion. Does the clerk have permission to correct your motion Senator Lewis?

SENATOR LEWIS: (inaudible - mike not activated).

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Mr. President, members of the Legislature. I would like to ask Senator Murphy a question. Senator Murphy, my priority bill LB512 is still held in the banking committee. Could I amend that motion to include 512° I think that I would like to have it included.

SENATOR MURPHY: NO, but if you would 398 up there I would like a shot at it.

SENATOR SCHMIT: You know you might just gamble and loose Senator.

SENATOR MURPHY: That is true. Mr. Chairman do we have amendments to this motion. Because I'm afraid that the thrust of these amendments is going to be to destroy the complete fairness of moving the entire block forward and letting us proceed one more day...

PRESIDENT: Excuse me, I think I had better.....Senator Kennedy.

SENATOR KENNEDY: Just very briefly, I have a bill up there 299 that I asked to have unbracketed, I didn't know that this was coming up, how would we handle one that is bracketed up there just temporarily?

PRESIDENT: Is that your priority bill?

SENATOR KENNEDY: No. But if were going to take all of them I would like to have it considered. LB299.
